

## SMARTER TRAVEL

The **Metro Vac n Blow Jr.** is a 3-pound, 1.17-horsepower triple-purpose device that plugs into a car's 12-volt power socket. Use the vacuum for quick cleanups when the car gets messy on long road trips, or switch nozzles to the blower for cleaning up campsites and picnic areas. Use the inflator for emergency inflation of tires that get low while on the road. Cost is \$85.71, and it's available at [www.cableorganizer.com](http://www.cableorganizer.com).
