USB MINI SHREDDER WITH LETTER OPENER

> **Get it for:** \$15.99 at www.xoxide.com.

This desktop paper shredder, powered by a computer's USB port or batteries, slices and dices papers to protect confidential information.

It also features an electric letter opener and a collection bin that will keep the workplace clean of debris.

WAGAN EASY QUICK JUMPER

> **Get it for:** \$25.61 at www.cableorganizer.com.

This gadget recharges a weak auto battery via cigarette lighters. Simply plug it into the vehicle's lighter sockets with the extra-long 18-foot cable and wait 5 to 10 minutes.

When the green LED begins glowing, the battery is ready to go.

It works with all vehicles that have 12-volt electrical systems, which includes the majority of cars on the road.

HERCULES I-XPS 120 IPOD SPEAKER SYSTEM

> **Get it for:** \$67.10 at www.buy.com.

Keep your iPod safe outdoors with this rugged, portable, water- and dirt-resistant iPod speaker system. In addition to its watertight front door, it features shock-resistant rubber corners for protection against bumps, an auxiliary line input and a rear carrying handle. It is powered by a car adapter

(included) or four C-size batteries and is compatible with iPod, iPod Nano, iPod Mini and iPod Classic.

CIRCULATION-IMPROVING SEAT CUSHION

> **Get it for:** \$299.95 at www.hammacher.com.

This alternate-pressure inflating seat cushion stimulates circulation and alleviates pressure points in the posterior and legs. Made by a company that supplies the same technology to the Air Force, the unit's 12 integrated air bags inflate and deflate intermittently, stimulating blood circulation through areas of soft tissue that receive insufficient blood flow during prolonged sitting. The seat cushion fits nearly any chair and features a rechargeable battery.
