

Going green doesn't have to cost a lot

We found some eco-friendly products and some products that help you save money ... and the environment.

BY AMY BERTRAND • abertrand@post-dispatch.com > 314-340-8284

ECO-FRIENDLY TOYS

This 17-piece tea set by Green Toys is made from recycled milk jugs. \$24.95, Home Eco, 4611 Macklind Avenue

PLANTER POT

This orange planter (other colors available) by Green Pots is compostable. \$4.97, Home Eco

RECYCLED NEWSPAPER VASES

These contemporary vases are made of recycled newspapers and look great with natural botanicals. \$24.99, Target stores and www.target.com

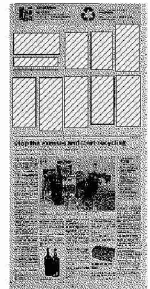

TABLE-TOP COMPOSTER

This stylish bamboo pail by Classic Kitchen Basics sits on your countertop for handy composting. It has a removable liner and charcoal filter in the lid that keep odors out.

\$38.95, Home Eco, 4611 Macklind Avenue

KILL A WATT ELECTRICITY POWER METER

The Kill A Watt T electricity power monitor helps you assess the efficiency of your electric appliances. Just plug any 115 Volt AC electric appliance into the device, and it will display the power consumption of the appliance by killowatt-hours.

\$29.95 at CableOrganizer.com

RECYCLED GARDENING GLOVES

The material used in these gloves by West County Gardener is from recycled water bottles. \$20-\$30, westcountygardener.com or Summer Winds Garden Center, 2080 Highway 40-61 in Lake St. Louis or 54 Clarkson Road in Ballwin.

RAIN BARREL

Save water by collecting rain from your downspouts with this eco-friendly rain barrel. This 50-gallon Rain Wizard has a brass spout you can attach your hose to.

\$99 at Tractor Supply Co., 170 Market Place Drive, Troy, Mo.

PICTURE FRAME

Electronic waste is the fastest growing waste stream in our country with nearly 2.5 million tons filling our landfills. Turn electronic waste into décor with this picture frame made from a computer circuit board.

\$12.99 at Target
