PREMIUM PRODUCT

- ① Made of water-repellent nylon and trimmed in top-grain leather, this stylish city tote meets aircraft cabin size regulations and is available in eight colours. Designed by Red Scarf Equestrian and made in Canada. [www.redscarf.com](http://www.redscarf.com)
- ② High-tech design meets practicality with this funky, seatbelt-inspired luggage tag. [www.redscarf.com](http://www.redscarf.com)
- ③ The Powersquid solves the pesky problem of too many electronic devices for only one outlet and also serves as a portable power-surge protector. [www.cableorganizer.com](http://www.cableorganizer.com)
- ④ Some U.S. states, including California and New York, have banned cell phone use, without a headset, while driving. The Explorer 370 provides up to seven hours of talk time and up to eight days of standby time. Check out this and other headset options at [www.plantronics.com](http://www.plantronics.com)
- ⑤ Pocket glass telescopically extends in seconds and collapses into its own case after use, complete with built-in pillbox. [www.travelwithcare.com](http://www.travelwithcare.com)
- ⑥ Oxygen Plus is a personal, portable burst of oxygen to boost energy levels or alleviate the effects of jet lag. The active ingredient is 90-per-cent-pure enriched oxygen. Canisters can be inserted into logo'd sleeves for branding. [www.twocrazy ladies.com](http://www.twocrazy ladies.com)
