GIVE ME SOME SKIN

Sometimes it's not what's on the inside that counts. The Sony Vaio EA Series 14-inch laptop counters that theory with its wide array of colored and patterned skins—then again, with the HD entertainment system and Blu-ray player, the side is just as sweet.

SOUND EFFECTS

Although iWave's Audio Customs Collection headphones are a bit sleeker than their predecessor, lending a more modern effect, the graffiti-inspired music-mates have a design reminiscent of the one you sported while bobbing to Run-DMC's rhymes on your boombox. Promising crystal-clear sound, they're offered in several colors and prints.
