Hot Decor Trends for Fall 2010

by Elaine Williamson

With temperatures still hitting record highs, thoughts of autumn seem but a woeful wish. The fall season evokes thoughts of home and hearth, as families and friends eagerly anticipate re-connecting with one another amid busy lives.

Of course, most want a home design and décor that will impress, and help de-compress, impending company -- one with that autumnal sensibility that exudes comfort and warmth... and duly stimulates the senses.

With this in mind, here are ten top home design and décor trends for fall:

1. Vintage accents. What's old is new again. French-burlap is no longer just for sack-racing. This Earth-friendly fibre is being utilized for chic pillows imprinted with a vintage stamped design or even a family initial. Accent chairs can also be seen covered in grey linen imprinted with vintage "document" script writing. Vintage couture lamps (and their replicas) are utter perfection this year, especially those with milk glass and natural material bases, drum shades, and antique brass finials. Aged, colour-washed wood accessories such as popular as oversized accessories to accent and update a time-worn look.

demand for faux finishes and walls painted in solid primary colours, wallpaper is making a comeback in a big room bright and bold to subdued and elegant, today's wallpapers are easy to apply and even easier to remove, look of a room easier than ever before. There are a seemingly endless number of choices from solids to patterns,

or items to occupy wall space, ditch the quick fix, "matchy-matchy" picture. Art doesn't have to be expensive but Buy what you love. Mix mediums and styles. To add depth and character to your pieces, forego the glass cover a glare that actually detracts from your interior design. Remember... if you love it, it works!

als have made a strong showing in design this year for primary design elements like walls and baseline it pieces give a space visual interest and appeal. Brightly coloured and/or patterned pillows, rugs and other e bland space to life. Of course, these accessories can be readily transitioned to exude the spirit of a given

trong desire to ease and reprioritize our homes and lifestyles, de-cluttering -- even with respect to editing down ie best way to gain control of your surroundings and feel a refreshed sense of purpose. It is very important to ur furniture, but the bulkiness as well. But, this does not mean giving up comfort for style. Many times we place of accessories, pillows, throw rugs, and family photos. Pick and choose very carefully the most important items here is brilliance in restraint.

en a more exciting time than now in the area rug industry. Whatever style, shape, and design you can imagine is has wall-to-wall carpeting, place an area rug to establish a layered look and add depth and personality to a te colour components. A rug's colour palette and pattern can easily establish the desired style and tone of a

changed this year. The pomp and circumstances of overstuffed pillows that seem to multiply in the night are out. ed linens are in, especially when paired with a luxurious top blanket and a clean lined duvet. For those who tative of fall or any other season, indulge in two medium sized pillows placed in front of each sham.

gns offer an array of textures, colours, shapes, sizes and accents, and can completely transform a room's /e become the ultimate interior design accessory, especially since they are so versatile. Choose an assortment her and another set for the fall and winter. This is an easy way to seasonally transition a room in an easy and he urge to "karate chop" pillows to give them a centre crease, as this look is not style savvy.

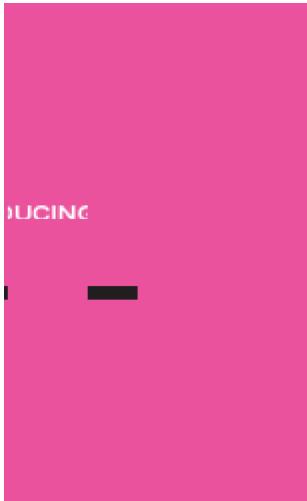

in love luscious fabrics, an overuse of material on your windows can quickly overpower an otherwise re now very trendy since they beautifully outline and soften windows. This classic and timeless fabric is now colours to coordinate with any interior palette.

now it's a bit older and wiser. Antiqued brass and even antiqued gold have both made a large comeback on ocktail tables, to door and cabinet knobs to décor figurines. The light reflecting surface of brass adds warmth, nd, thus, is perfect in a room with a fireplace.
