

THE BUZZ

By Sanda Lichner

PINK LADY HERBAL SOAP

Pink Lady Soap Company uses 100% natural and organic ingredients make their line of luxuriously foaming bar soaps by hand that will help you maintain a youthful appearance sans chemicals. As an added benefit to healthy, glowing skin a portion of the company proceeds is donated to Lupus and Breast Cancer Research. Visit www.pinkladysoap.com for more information or to place an order.

EARTH'S BEAUTY NATURAL COSMETICS

Founded in 1997, Earth's Beauty was ahead of the curve with natural cosmetics, creating a line of product for women with sensitive skin using natural ingredients such as arrowroot and iron oxides. Earth's Beauty products are lightweight, giving your skin a natural, refined look without irritation. Earth's beauty is available at All Shades of Green in LA, Harvest Health in Palm Springs or online at www.earthsbeyuty.com.

GOOD ELEMENTS NATURAL SUPPLEMENTS

Good Elements line of natural supplements is designed to take a holistic approach to good health and help you look and feel better. All supplement formulations are created by dr. Britta Zimmer, a naturopathic physician living in Hawaii. Visit www.goodelements.com for more information or to place your order.

The Harley Davidson Motor Company and supermodel Marissa Miller teamed up to launch the 2009 V-Rod Muscle, packing a 1250cc liquid-cooled V-Twin engine co-developed with Porsche, a five-speed transmission and high-performance Brembo triple-disc brakes. New bodywork with integrated turn signals and a clipped fender combine to give the V-Rod a clean, contemporary look that will help you attract your very own supermodel.

Visit www.H-D.com/muscle for more information.
